

I am writing this as a formal complaint against Sinclair Broadcasting Group, Inc. The fact that the headquarters of Sinclair is FORCING its affiliates to show "Stolen Honor" just before the election means that they are using airwaves owned by the People of the United States (which they are allowed to use without payment) to forward their own partisan agenda. If this program were aired along with a pro-Kerry program, then that would be a different story. But the fact that Sinclair would announce their plans to do this makes a mockery of our democratic process and the FCC. Please act accordingly.
